

Financial transactions 24/7 – quick and secure

E-finance

E-finance gives you online access to your accounts and your assets. PostFinance has the most popular online bank platform in Switzerland; over 1.9 million customers use e-finance.

You can access e-finance from any device

At a glance

- The modern user interface offers you a better overview of your finances and is even faster and easier to use.
- All the important functions are listed on the e-finance homepage. This means you can carry out your payment transactions even more efficiently and get an overview of your liquidity quickly. Business customers have their own profile which ensures that the way in which a company works is specifically taken into account.
- Thanks to the moveable tiles you can arrange the interface in line with your personal preferences and needs.
- In the Notification Center, you can view documents that are ready for download and all pending approvals, as well as replies to enquiries.

Access e-finance quickly and easily: all you need is fingerprint or Face ID – and you're logged in. The login process is free of charge and works on desktops, tablets and smartphones.

Further solutions for business customers

- Use our partners' software solutions to work even more efficiently with e-finance. Please visit the following link: postfinance.ch/software.
- With the right connection for business customers you can link your bookkeeping with payment transactions and in doing so create a direct link to PostFinance. We also offer various other possibilities in addition to e-finance. Find out more at postfinance.ch/filetransfer.

Managing everything yourself? It's completely normal.

- In the administration area in e-finance, you can take advantage of the self-service functions for business customers free of charge.
- As an admin user, you can view and manage the e-finance authorizations for employees and authorized persons in the administration area, via user administration.
- As an admin user, you can also independently initiate and download orders for customer documents under "Data and documents".

You can contact us by telephone on 0848 888 900 (max. CHF 0.08/min. in Switzerland).
