Additional special offers for company founders

For making payments as an entrepreneur

Credit card PostFinance Visa Business Card with cashback on your sales turnover.

Your advantage: you receive the first credit card free of charge for 1 year.

For your online shop revenue

Checkout Flex E-Payment Module the payment solution for your online shop. All the most common shop systems can be connected via our cloud-based back office tool. You can also process all common payment methods with an additional contract via our partner Wallee/SnapSwap.

How you benefit: straightforward administration and onboarding. When you sign up for the paid version, you will receive the software licence for Checkout Flex free of charge for six months.

Other financial products

For your startup capital as a limited liability company or private limited company

A capital payment account so you can reliably raise your startup capital when founding a limited liability company or private limited company, and for ordinary capital increases or subsequent payments of capital.

For making payments as an entrepreneur

PostFinance Card: a versatile card for your business account or payments in shops and online, as well as worldwide cash withdrawals.

For your in-store revenue

The Checkout Flex POS Payment Module enables your customers to make cashless payments at the point of sale. We also offer suitable **PAX card terminals**, and with our **“Combo payment methods” acceptance contract**, you can process all common payment methods, such as PostFinance Card, TWINT, Mastercard and Visa, from a single source. By linking our POS Payment Module to “Combo payment methods”, you will benefit from unique value-added services.

How you benefit: you receive a 50 percent discount on the transaction fees in the first three months¹. Not only do you benefit from a 25 percent discount when you buy a PAX card terminal, we will also waive the account management fees and annual fees for the PostFinance Card for three years.²

¹ Excluding minimum fees and surcharges in accordance with the list of prices and services. Valid from the date on which the contract is concluded.

² Applies to the credit account that is specified for Combo payment methods.
