

## Issue invoices easily and efficiently

The QR-bill

The QR-bill enables you to issue bills with ease, collect debts securely and manage your accounts receivable in a quick and uncomplicated manner. You can use and combine additional structured, digital data exactly how you wish. As an invoice recipient, you also benefit from standardized billing information.

## QR-bill

The QR-bill enables you to issue bills with ease, collect debts securely and manage your accounts receivable in a quick and uncomplicated manner. You can use and combine additional structured, digital data exactly how you wish.

- You will boost the automation and quality of your accounts receivable management with comprehensive records (all payment-related data, including information on the debtor).
- You can create the QR-bill yourself and print it out on standard white paper (perforation is mandatory when sending in paper format).
- The bill recipient can scan the data really quickly and easily. There is no need to laboriously type out long sequences of numbers, which keeps errors to a minimum.

### Prices

Current prices can be found at [postfinance.ch/prices-bc](https://postfinance.ch/prices-bc).

### More information

More information can be found at [postfinance.ch/qrb](https://postfinance.ch/qrb).

You can contact us by telephone on 0848 848 848 (max. CHF 0.08/min. in Switzerland).

## Notification and entry

### Account statement with detailed notification (camt.053)

The service includes the notification of all batch credits and detailed transactions in a single electronic account statement (camt.053).

### Account statement with batch entries (camt.053) and separate detailed notification (camt.054)

The service includes the notification of all batch credits in a single electronic account statement (camt.053). An electronic detailed notification (camt.054) is issued for all detailed transactions.

The notification can be converted to single entries depending on customer requirements.

### Prices

## Alternative solution without electronic processing

PostFinance offers account statement delivery on paper or electronically (e.g. PDF via e-finance). In the account statement, it can be seen which invoice recipient has transferred the respective amount.

## Inpayments to own account with PostFinance Card Direct or PostFinance Card Pay

Use your PostFinance Card in EUR/CHF or your PostFinance Card Pay EUR/CHF to make up to 20 free inpayments per month to your own account. Your account will be credited on the same day and the amount will be available promptly.
