

# Pay Your Invoices Easily

eBill

Activate eBill in online banking  
in just 3 steps:

## 1 Log in

Log into your bank's online banking service as usual.

## 2 Activate

Select "eBill" from the navigation and activate the service.

## 3 Select

You can now select invoice issuers from whom you wish to receive invoices via eBill.

## How you benefit

- Pay invoices securely in just a few clicks
- Full control and overview thanks to automatic archiving
- Less work and no need to type out references any more
- Paperless and resource-efficient

## Practical functions

With standing approvals, you can pay recurring invoices automatically. You can arrange to be notified of incoming invoices conveniently by e-mail. And with the sharing function, you can authorize another person to manage your invoices.

# The Digital Invoice for Switzerland

**eBill**

**2.4 mn**

**users**

eBill now reaches around the half of all Swiss households.

**100 %**

**secure**

eBill ensures 100% security of payment transactions.

The solution is developed and operated in Switzerland.

**eBill**

**4,100**  
**companies**

already rely on eBill with their invoicing – with an upward trend. Including the largest health insurance providers and insurance companies, all Swiss telecom providers and the energy suppliers of the largest Swiss cantons.

## Sustainability and donations

An eBill invoice saves resources and paper. With the new donation function, eBill customers will be able to actively support charitable projects in the future.
