2. Risk disclosure and conditions for any fund orders

2.1 General

PostFinance brokers any fund orders and forwards them to the Retirement Savings Foundation for execution. The order is submitted without a consultation ("execution only"). Neither PostFinance nor the Retirement Savings Foundation conduct an appropriateness test or a suitability test for the submitted order. There is also no selective or ongoing monitoring of the 3a portfolio.

Information on the implementation of the Financial Services Act (including PostFinance's licence and the contact details of the supervisory authority and the ombudsman conciliation office) is available at postfinance.ch/finsa.

2.2 Risk disclosure

- a The customer must inform themselves appropriately about the risks associated with each investment decision.
- b Customers invest in investment products exclusively at their own risk and for their own account. Neither the Retirement Savings Foundation nor PostFinance assume liability for decisions made by the customer.
- c Customers acknowledge that all available retirement funds have the potential for losses, some of which are significant. Retention of the capital invested is not guaranteed.
- d No representative or agent of the Retirement Savings Foundation or PostFinance is authorized to issue oral or written assurances or guarantees relating to the specific performance of a retirement fund.

2.3 Provisions for the retirement fund and order submission

- a The PF Pension – ESG 25 Fund, PF Pension – ESG 50 Fund, PF Pension – ESG 75 Fund, and PF Pension – ESG 100 Fund investment funds are issued in accordance with Swiss law.
- b The PF Pension – ESG 25 Fund complies with the provisions of the Swiss Ordinance on Occupational Retirement, Survivors' and Invalidity Pension Provision (OPO 2).
- c Based on Article 50, paragraph 4 of OPO 2, the equity component of the PF Pension – ESG 50 Fund, the PF Pension – ESG 75 Fund and the PF Pension – 100 Fund is higher than that of traditional retirement funds. The PF Pension – ESG 50 Fund, PF Pension – ESG 75 Fund and PF Pension – ESG 100 Fund investment funds are therefore suitable only for investors with the relevant risk capacity and risk appetite.
