

PostFinance Checkout All-in-One and Flex

Flexible and simple solutions for online shops

It's now very easy to set up an online shop in just a few clicks or with the support of a web agency. Integrating the right payment solution has to be done separately to ensure your customers can make payments.

We offer two variants **Checkout All-in-One** or **Checkout Flex**, which can be integrated into your online shop quickly and easily as a module.

The optimal variant is selected based on your requirements and the number of payments processed:

Advantages and comparison

	Checkout All-in-One Easy and quick	Checkout Flex Maximum flexibility
Payment methods	<ul style="list-style-type: none"> – A payment solution covering the standard payment methods PostFinance Card, PostFinance e-finance, TWINT, Visa and Mastercard®. 	<ul style="list-style-type: none"> – Flexible integration of payment methods and acceptance partners (such as payment by invoice, PayPal). 
Points of contact and invoicing	<ul style="list-style-type: none"> – Full-service providing bundle: one online contract concluded, one invoice, one credit. No additional contracts are required. – Standard commission rate across all payment methods from 2.3% – A single point of contact for all payment methods: PostFinance 	<ul style="list-style-type: none"> – You negotiate prices directly with the acceptance partner. PostFinance takes care of the contract request for you. – Transaction overview and back office management – Consolidated revenue report / reconciliation of all payment methods for accounting
Time until productive activation	<ul style="list-style-type: none"> – Set-up for productive payments completed within ten working days 	<ul style="list-style-type: none"> – Depending on the contract issue date of the individual acceptance partner
Additional options		<ul style="list-style-type: none"> – Customizable payment screens, send e-payment links via e-mail or subscription management – From autumn 2021, it can also be used via terminals at physical points of sale
