# Setting up your own company? Our packages will help you get started

Whatever your business ideas, PostFinance has the right products and expertise to support you.

We'll be pleased to help you on your way to becoming an entrepreneur. As a company founder or startup, you will benefit from our startup package that provides two years of free account management with e-finance. We also offer many other useful services with favourable conditions.

---

## Useful to know

It isn't only our products that will help you when starting your own company, but also our expertise.

At [postfinance.ch/startups](https://www.postfinance.ch/startups), you will find a pool of expertise that provides valuable services when setting up your company, when getting it established and during the growth phase.

---

Two  
years  
free of  
charge

## Startup package

Two years of free account management for your business account with e-finance.

## Additional special offers for company founders

### For making payments as an entrepreneur

**Credit card** PostFinance Visa Business Card with cashback on your sales turnover.

**Your advantage:** you receive the first credit card free of charge for 1 year.

### For your online shop revenue

**PostFinance Checkout** (all-in-one or flex) as a payment solution for your online shop.

**Your advantage:** if you sign up for a paid software licence (all-in-one or flex), you will receive the first 6 months free of charge.

## Other financial products

### For making payments as an entrepreneur

**PostFinance Card:** a versatile card for your business account for payments in shops and online, as well as worldwide cash withdrawals.

### For your in-store revenue

**EFT/POS** so your customers can make cashless payments at salespoints (payment terminal).

### For your startup capital as a limited liability company or private limited company

**A capital payment account** so you can reliably raise your startup capital when founding a limited liability company or private limited company, and for ordinary capital increases or subsequent payments of capital.

Order your startup package today by going to [postfinance.ch/startuppackage](https://postfinance.ch/startuppackage).

The startup package is only available online.
