PostFinance

Put your financial flexibility to work

Our money market investments with terms ranging from overnight to up to 12 months

PostFinance has various investment options for your liquid assets. Fixed-term and overnight deposits are flexible short and medium-term money market investments that can be used to manage cash efficiently.

Fixed-term deposits

This money market instrument is geared towards investors who want to invest their surplus cash in the short to medium term. Your advantages with fixedterm deposits: you choose the term of your investment and benefit from attractive, one-off fixed interest rates that remain constant throughout the term. You can conveniently conclude your fixed-term deposit online in e-finance or in the PostFinance App.
